21 January 2021

Legionnaires,

We made some good gains on getting our members renewed over the past month. Though we missed the membership target of 80% by 21 January, it was only by 3%. These renewals are crucial now for our members because they will become suspended on 01 February. Please take the time to contact them to prevent this from happening. Our members are our most valuable asset, to keep working the programs.

President's Day target of 85% is up next on 10 February 2021.

Buddy Checks are very important for all our members, especially the ones you haven't heard from in a while to see how they are doing. You might find a veteran in need. The national website has a free downloadable kit to run your own program (<https://www.legion.org/buddycheck/tools?>). As always, the Department officers are here to assist as well. Just let us know.

Simultaneously, you can grow your Post using the LEGION Act (Let Everyone Get Involved in Opportunities for National Service). The act opens eligibility to all veterans who have honorably served at least one day on active duty since 07 December 1941. Approximately 4 million more veterans that can join our ranks.

Let us help you with your goals.

God Bless our veterans, their families, and the United States of America!

Respectfully,

Chip Kossow  
Department Senior Vice Commander
